

# Kataklysm, Temptation's Nest

Born into life with a feeling of hate  
I tried to change but it turned into fate  
Fatal blow to society's face  
Torment I will create!  
Cast away in the veins of redemption  
Lethal dose of murder by injection  
Disarray in extermination, this is what I die for...  
This is my life, these are my drams  
This is my TEMPTATION  
All of these sins I won't regret  
This is my TEMPTATION  
Addicting emotions... never let down  
This is my TEMPTATION  
I'll rip your soul down to the core  
This is my TEMPTATION  
I never thought that the day would come  
I never thought I'd be here to see you fall into your grave  
And watch you beg for mercy to be saved  
Born into life with a feeling of hate  
I tried to change but it turned into fate  
Fatal blow to society's face  
Torment I will create!  
Tie a rope around my neck  
Cast away in the veins of redemption  
Lethal dose of murder by injection  
Disarray in extermination, this is what I die for...  
Temptation's Nest  
Venomous into temptation's nest  
We all die in temptation's nest
