

Katatonia, The Future of Speech

My prospects have become less promising
I find it hard to believe in anything
Seems I lost my world and so I lost my faith
And I can't go back to where I've been

Brand new day
Can't get worse

I have no lies or truth in what I say
(There) is no meaning
The words are numb but I'm so afraid
(There) is no meaning

This is another chance or so I'm told
By these who can push themselves at any cost
They bless me with their fingers crossed
My youth is stolen, transformed and sold

Myself say
Can't get worse

I have no lies or truth in what I say
(There) is no meaning
The words are numb but I am so afraid
(There) is no meaning

I have no lies or truth in what I say
(There) is no meaning
The words are numb but I am so afraid
(There) is no meaning

A brand new day
It can't get worse
Hear myself say
It can't get worse

A brand new day
It can't get worse
Hear myself say
It can't get worse

I have no lies or truth in what I say
(There) is no meaning
The words are numb but I am so afraid
(There) is no meaning

I have no lies or truth in what I say
(There) is no meaning
The words are numb but I am so afraid
(There) is no meaning
