## Kate Alexa, Tonight

I gonna see the sun rising up till the morning light The time forget about reality and lose your sanaty Just for the night (chorus)
Tonight were gonna have some fun

The partys just begun

Tonight tonight tonight

Tonight were gonna drift away

Far away tonight tonight tonight

You can take me to that special place

Then my heart will race outta clue

Tonight is just like one big fanasy

Come and stay for this energy

Between me and you

(chorus)

Tonight were gonna have some fun

The partys just begun

Tonight tonight tonight

Tonight were gonna drift away

Far away tonight tonight tonight

You you you you you you you you.....

Tonight were gonna have some fun

The partys just begun

tonight tonight tonight

tonight were gonna drift away

Far away tonight tonight tonight

tonight were gonna have some fun

The partys just begun

Tonight tonight tonight

Were gonna drift away

Far away tonight tonight tonight!!!
