

Kate Bush, The Kick Inside (Demo)

I've pulled down my lace and the chintz.
Oh, do you know you have the face of a genius?
I'll send your love to Zeus.
Oh, by the time you read this,
I'll be well in touch.

I'm giving it all in a moment for you.
I'm giving it all in a moment or two.
I'm giving it all, giving it, giving it.
The kicking here inside
Makes me leave you behind.
No more under the quilt
To keep you warm.
Your sister I was born. Lose me.
You must lose me like an arrow,
Shot into the killer storm.

You and me on the bobbing knee
Welling eyes from identifying with Lizzie Wan's story.
I will come home again, but not until
The sun and the moon meet on yon hill.

I'm giving it all in a moment for you.
I'm giving it all in a moment or two.
I'm giving it all, giving it, giving it,
giving it, giving it!
The kicking here inside
Makes me leave you behind.
No more under the quilt
To keep you warm.
Your sister I was born. Lose me.
You must lose me like an arrow,
Shot into the killer storm.

I've pulled down my lace and the chintz.
Oh, do you know? You have the face of a genius.
I'll send your love to Zeus.
Oh, by the time you read this.
