Kate Ceberano, See Right Through

I watch you sun it will fall when the day is done And I'Il care for you Now the right time has begun to change Time to look around you Time to rearrange habits of life

Can't you see the light shining thru me
Can't you feel the good it's doing to me
I can see clearly
I can see right thru you boy
Ah you smile at me
I open up like a flower in the rain
And the heavens shine above me
Again and again
I've changed as I look around me
Life's rearranged it's much better now

And I've got the world in the palm of my hand Gonna keep it spinning just as long as I can I can see clearly I can see right thru it all

And now I've got this world World in the palm of my hand And I promise I'm gonna keep it spinning Just as long as I can
