

Kate Havnevik, It's Mine

Tell me who I used to be
Was it always you and me
Oblivion, it keeps me pure
You know too much to be so sure

Stranger, lover is it so
Do I know you?
Lover, strange I never know
Should I love you?

It's mine
Mine
Mine
Mine

Just look at the state of you
Days in orbit passing through
How can I know if it's true
Forgetting makes forever new

It's mine
Mine
Mine
This love is mine
