

Kate Havnevik, Timeless

Timeless
Love is a cure
A promise
Still so pure
Rise like the tide
No need to hide it
Fearless
Just like before

Oh, here we go
They're all waiting for a cure

Breathe in
And let go
I have seen
How you crawl
Let go and hover
Still changing colors
But nothing
Can break this call

Oh, here we go
They're all waiting for a cure
Oh, here we go
They're all waiting for a cure
