

Kate Walsh, French Song

I'll sit here and watch you
I'll, I'll just sit back and watch you
Don't wait for love, won't wait for you
Just speak so softly I'll break down
Won't you be the one, won't you be the one, won't you be the one
that I'm waiting for
So I, I just sit back and wait for you
I, I just sit back and wait for you
Don't be no fool when your heart beats
Won't you open my arms, won't you wake me
Won't you be the one, won't you be the one, won't you be the one
that I'm waiting for, oooh
Oh, won't you just keep watching me
Oh, won't you just keep watching me
Oh, won't you just keep watching me
