

Katerine, No Strings Attached

I got a clean house, but a dirty mind
I gotta get out, and get unwind
Dont wanna be in love
Just wanna get some blush
On my cheek bones
I wanna get some
Biting the corners, of my lower lip
I got my eye on a guy, he doesnt know it yet
Just want a fickle thing
No more as a one time thing
Hey baby
I just wanna have
Not too complex
Not from one to the next
To forget my ex
I just wanna have
No strings attached
Just a little rush
Not too much
In and out of my bed
I am not ready yet for love
A little small talk, a little foreplay
Tonight Im easy, so lets get away
No not your place
I wanna sleep late
And when I wake up I hope youre gone
