

Katerine, Out on you

You're in the spotlight
Star of the night
No one can touch you
Even bugs won't bite
I watch you standing looking around
You might be wondering what it's all about
Turn it up, turn it down
Turn your world around baby
So when all the girls are in the room
We're taking it out on you
All the girls are in the room
And you don't know what to do
You sweat, turn around, give it up, get down
So when all the girls are in the room
We're taking it out on you
Taking it out on you, taking it out on you
Don't let them get you
Just a state of mind
Puzzle is made of pieces
You will never find
The boy inside you
Isn't meant to be
The way you move it
Is all we want to see
Going up, going down
Tell me can you feel the ground baby
I wanna shake, I wanna shout
I wanna be without any doubt
I wanna take, I wanna give
I wanna feel that I have lived
