

Kathy Kelly, Say goodbye with a smile

Every day there's a new goodbye
And a new hello
And a new way to go
Don't be scared
Every day you leave a few friends behind
And the wind has turned
And makes you change your mind
Don't be scared, don't be scared
Say goodbye
Goodbye with a smile
Soon there'll be a new hello
Say goodbye, goodbye
Say goodbye with a smile
No regrets, don't forget
It's just another go
Every day there's a dream to dream
And a game to play
In a honest way
Don't be scared
Every day there's a river to cross
And a mountain to climb for a better time
Don't be scared, don't be scared
Say goodbye
Goodbye with a smile
Soon there'll be a new hello
Say goodbye, goodbye
Say goodbye with a smile
No regrets, don't forget
It's just another go
