

# Katie Melua, Lie In The Heat

Utwór 'Lie In The Heat' z albumu 'Love & Money' od Katie Melua (premiera 24 marca 2023r.)

A day by the river is lovely with you  
The water and sunlight brighten our view

The sun and our spirits  
Are shining away  
Giving us a beautiful day

Rocks and the whirlpools blend in the light  
I'm happy to watch them  
While you go for a dive  
And your skin feels alive  
The sun and our spirits  
Are shining away  
Giving us a beautiful day

The lights in our brown eyes  
Birds are at play  
Giving us a beautiful day

One day in the future, we'll come here to meet  
I'm not afraid of the deep end, while you lie in the heat  
And the world feels complete

The sun and our spirits  
Are shining away  
Giving us a beautiful day

The lights in our brown eyes  
Birds are at play  
Giving us a beautiful day
