

Katie Melua, Thank you,stars

Some call it faith, some call it love

Some call it guidance from above

You are the reason we found ours

So thank you stars

Some people think it's far away

Some know it's with them everyday

You are the reason we found ours

So thank you stars

There are no winds that can blow it away on the air

When they try to blow it away 's when you know it will always be there

To some it's the strength to be apart

To some it's a feeling in the heart

And when you're out there on your own, it's the way back home

There are no winds that can blow it away on the air

When they try to blow it away 's when you know it will always be there

Some call it faith, some call it love

Some call it guidance from above

You are the reason we found ours

So thank you stars

Thank you stars

Thank you stars

Thank you stars
