

# Katja Glieson, Look At Us

Please put your hands  
Together when you're ready for me  
I'll be the one  
That's waving as you're all on your feet  
I see the sun  
Coming up as you're ready to leave  
You know we gonna make em stop  
(Trend Def)  
And look at us

I don't blame you  
For not knowing I'm the life of the party  
We gone do it like its  
1989 and I'm bout it  
Bang away 808  
Let it go and get started  
Let it come and drop  
(oh)  
repeat

Please put your hands  
Together when you're ready for me  
I'll be the one  
That's waving as you're all on your feet  
I see the sun  
Coming up as you're ready to leave  
You know we gonna make em stop  
(Trend Def)  
And look at us

Stop and look at us  
You know we gonna make em stop  
And look at us  
We see em hatin when they stop  
And look at us  
You know we gonna make em stop  
And look at us  
Look look look at us

Legs lips the whole damn package  
A slim waist and a real phat ass kid  
Hotter than a matchstick  
Tell me whos the baddest  
Uh huh uh huh  
How ya gonna match this  
You aint nothing but a (but a) fraction  
But you want some action  
All the way in the back kid  
Talking that smack bitch put your hand together  
Let me see you clap  
Let me see you clap

Please put your hands  
Together when you're ready for me  
I'll be the one  
That's waving as you're all on your feet  
I see the sun  
Coming up as you're ready to leave  
You know we gonna make em stop  
(Trend Def)  
And look at us

Stop and look at us  
You know we gonna make em stop

And look at us  
We see em hatin when they stop  
And look at us  
You know we gonna make em stop  
And look at us  
Look look look at us

Take me there all the way  
Make my body go insane  
We don't have to stop here  
We can do this all night  
Take me there all the way  
Make my body go insane  
We don't have to stop here  
We can do this all night

Please put your hands  
Together when you're ready for me  
I'll be the one  
That's waving as you're all on your feet  
I see the sun  
Coming up as you're ready to leave  
You know we gonna make em stop  
(Trend Def)  
And look at us

Stop and look at us  
You know we gonna make em stop  
And look at us  
We see em hatin when they stop  
And look at us  
You know we gonna make em stop  
And look at us  
Look look look at us
