

# Katy Gunn, Talk To Me

You are like hot liquid burning though my skin  
I know Im not getting it  
But youre sure confusing me  
I can help the situation if you talk to me  
Talk to me  
Talk to me  
Talk to me  
Why dont you talk to me yeah  
So the sun hasnt come out to play today  
So I run fast as I can towards the game  
Maybe if just run fast enough  
I will just fall off the end  
The end of my head  
Feel no more pain  
Feel no more pain  
You and me  
We are so very complicated  
Too much to say to explain  
But if we try  
We could be so much more than just a fight  
Or a game that we play  
Is there something Ive been missing?  
Little bits of information  
And if you just talk to me boy  
Talk to me now we can work it out  
And If you just talk to me boy  
Talk to me now we can work it out  
If you just talk to me boy  
Talk to me now we can work it out  
If you just talk to me boy  
Talk to me now we can work it out
