

# Katy Perry, Nirvana

Dancing in the blurry lights  
Found you in paradise  
Floating in the diamond sky  
Our bodies synchronize

Hypnotized, am I dreamin'?  
Feel the rise, I'm tinglin'  
In your eyes, adrenaline  
Baby, I'm, I'm tremblin'

(Ah-ooh) Show me that you're gonna  
(Ah-ooh) Take me to Nirvana  
(Ah-ooh) Show me that you're gonna  
(Ah-ooh) Take me to Nirvana

Dancing in the blurry lights  
Found you in paradise  
Floating in the diamond sky  
Our bodies synchronize  
You make me feel, make me feel so high  
You make me feel, make me feel alive

Breathe me in, another dose  
Take a ride on my rainbow  
Keep it up, I'm gettin' close  
'Bout to hit kaleidoscope

(Ah-ooh) Show me that you're gonna  
(Ah-ooh) Take me to Nirvana  
(Ah-ooh) Show me that you're gonna  
(Ah-ooh) Take me to Nirvana

Dancing in the blurry lights (Blurry lights)  
Found you in paradise (Paradise)  
Floating in the diamond sky (Diamond sky)  
Our bodies synchronize  
You make me feel, make me feel so high  
You make me feel, make me feel alive

You make me feel alive  
You make me feel alive
