

Katy Perry, Wonder

One day, when we're older
Will we still look up in wonder?

One day, when we're older
Will we still look up in wonder?
Someday, when we're wiser
Will our hearts still have that fire?
Can somebody promise me
Our innocence doesn't get lost in this cynical world?
One day, when we're older
Will we still look up in wonder?

Stay wild, beautiful child (Woah, woah)
Don't let the weight of the world be heavy on your wings
Stay pure, beautiful girl (Woah, woah)
Don't let the fear in the world burn out what you believe

'Cause one day, when we're older
Will we still look up in wonder?
Someday, when we're wiser
Will our hearts still have that fire?
Can somebody promise me
Our innocence doesn't get lost in this cynical world?
One day, when we're older
Will we still look up in wonder?

One day, when we're older
Will we still look up in wonder?

One day, when we're older
Will we still look up in wonder?
Someday, when we're wiser
Will our hearts still have that fire?
Can somebody promise me
Our innocence doesn't get lost in this cynical world?
One day, when we're older
Will we still look up in wonder?

Stay wild, beautiful child (Woah, woah)
Don't let the weight of the world be heavy on your wings
Stay pure, beautiful girl (Woah, woah)
Don't let the fear in the world burn out what you believe

'Cause one day, when we're older
Will we still look up in wonder?
Someday, when we're wiser
