

Katy Rose, Catch My Fall

I wonder why it always feels like rain
My life is like some cheap champagne
The answers don't always seem to fit
My glass is full, but it tastes like shit
I need a quick decision
And a cheap reward
I'm in my last revision
Hey- hey-hey-hey
So I'll cry just a little bit longer
And I'll stay two seconds more
And I'll try to be stronger
And I'll see if you catch my fall
I can't say if what I did was right
But you let me go like your sister's kite
I can't say if what I did was wrong
Still you followed me like a sing-along
I need a quick decision
And a cheap reward
I'm in my last revision
Hey-hey-hey-hey
So I'll cry just a little bit longer
And I'll stay two seconds more
And I'll try to be stronger
And I'll see if you catch my fall
Yea yea yeaaaaa
Yea yea yeaaaaa
Yea yea yeaaaaaaaaaaaaa
I've made my last decision
And got some cheap reward
I need no man's permission
[instrumental]
So I'll cry just a little bit longer
And I'll stay two seconds more
And I'll try to be stronger
And I'll see if you catch my fall
If you catch my fall
Catch my fall
Ya cath my fall
Fall
