

Katy Rose, Monotone

Doo doo doo do doo [x4]

Doo Do doo do doo

Feeling the time is never near

It's clear the clocks are very wrong here

Shadow people come and disappear

Try not to be so all alone

It's hard to hear my stomach when it groans

'Cause as much as it's filled with stone

And my heart just beats in monotone

Doo doo doo do doo [x4]

do do doo do doo
