Kavana, If I Fall

[Verse 1]
If I had everything
I wouldn't be satisfied,
Cos there'd still be emptiness in my life.

[Bridge 1]
So tell me baby is it true,
That I was surely made for you?
If we both know it,
Why do we pretend?

[Chorus]
Cuz I spent all of my life just looking for this
I need no more (Cuz I found you).
And now that you're here I just can't ignore it.
I hope you don't mind if I fall,
for you baby.

[Verse 2]
So, welcome into my world,
the sun is shinning through.
It's time like this I realise what I've found in you,
in you.

[Bridge 2]
And do you know it's plain to see that I think you're the one for me.
If you like it,
why don't you give in? (Give in, yeah)

[Chorus]

I really believe we can make it.
It's a only matter of time (cos time keeps moving on).
So now I can't wait any longer,
cos it's with me you belong.

[Repeat Chorus Till Fade]
