

# Kaye Styles, Prison Break Anthem (Original version)

Its a prison break anthem, prison break anthem  
Just what you need, just what you need  
Theres a story about a man, hes been put down  
Some real shit has him locked up right now  
An attention about a hero out of town  
Bad ferocious fucked up now  
Jail brought him down in a couple of weeks  
The survive is but a unique  
Gotta prove that he is innocent it is hard on the streets  
Thats why I cant accept the fees  
You aint a hustler good guy, Im telling you thats why;  
(Prison break anthem)  
You know what Im talking about  
You aint a hustler good guy, Im telling you thats why;  
(prison break anthem, prison break anthem)  
(chorus)  
Okay; Its the prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now I gotta do what I gotta do  
Im making it happen  
Prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now, I gotta do what I gotta do  
Im making it happen  
Convicted for murder first degree  
Lets praise the lord  
God, please set me free  
Im at the world now, what do you want now?  
Black, white, any colour lets go now  
2Years 6Months in a cell for own  
(chorus)  
(whisper: prison break anthem, prison break anthem)  
Its the prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now I gotta do what I gotta do  
Im making it happen  
Prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now, I gotta do what I gotta do  
Im making it happen  
(whisper: prison break anthem, prison break anthem)  
Yeah, Yeah, Yeah,  
Michael Scofield, the greatest kick, the clock is ticking..  
Prison break,  
Lincoln Burrows; Break in break out, Blood bound, familiar with what it is all about  
A promise prevail, pieces to the puzzle  
Major, major hustle  
Gotta prove your strength  
Faith for the crime  
And when the world has gone fishing strike like a missle  
(Chorus)  
Prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now I gotta do what I gotta do  
Im making it happen  
Prison break anthem, prison break anthem  
Just what you need, just what you need  
Locked up freedom its over now, I gotta do what I gotta do  
Im making it happen  
(whisper: prison break anthem, prison break anthem)
