

# KC & The Sunshine Band, Thats The Way I Like

Now I lay me down to sleep  
Pray for your love to keep  
If you should leave before the dawn remember this  
while you are gone  
Sometimes I feel like your swinging door  
With you walking in and out and in and out  
I've never been in so before and then I'd have to do without you

Guess I thought I could be strong  
Guess I could not wait too long  
Guess you just can't do no wrong  
So baby could you

Chorus  
Save some of your love for me  
Save some love for me  
Cause you know I need your love baby  
The day and week and season change  
And then you slip back into my world  
I hate the thought it sounds so strange  
But I, I want to be your number one girl  
Heaven help me to let you go  
Heaven help me to tell you no  
Heaven help me I love you so  
So baby could you

Chorus  
Oh baby save your love  
I need you wrong or right  
Under the stars above  
I'm wishing every night  
What can I give to you  
So that you have to see  
So that you will be true  
And save your love for me  
Chorus
