## Keane, Broken Toy

I think you know Because it's old news The people you love Are hard to find So I think if I Were in your shoes I would be kind

I look out for you Come rain, come shine What good does it do? I guess I'm a toy that is broken I guess we're just older now

I want to stay Another season See summer upon This sorry land So don't dust off your gun Without a reason You understand

I look out for you Come rain, come shine What good does it do? I guess I'm a toy that is broken I guess we're just older now

Who says the river can't leave its waters? Who says you walk in a line? Who says the city change its borders? Who says you're mine?

I look out for you Come rain, come shine What good does it do? I guess I'm a record you're tired of I guess we're just older now I guess I'm a toy that is broken I guess we're just older now
