

# Keane, Disconnected

Something's crept in under our door  
Silence soaking through the floor  
Pinching like a stone in my shoe  
Some chemical is breaking down the glue  
That's been binding me to you

I feel like I just don't know you anymore  
I've been wrong and I've been there too many times  
We walk in circles  
The blind leading the blind  
We've been disconnected somehow

There's an invisible wall between us now  
I've been wrong and I've been there too many times  
We walk in circles  
The blind leading the blind

Well I thought that love watched over this house  
But you're boarding up the windows now  
We're leaning on each other so hard  
Tied so tight we wound up miles apart  
Making simple things so hard

I feel like I just don't know you anymore  
I've been wrong and I've been there so many times  
We walk in circles  
The blind leading the blind  
We've been disconnected somehow

There's an invisible wall between us now  
I've been burned and I've been there too many times  
We walk in circles  
The blind leading the blind

I see the landscape change before my eyes  
The features I've been navigating by  
Nothing looks the way it did before  
I don't know where to look or what to look for

I feel like I just don't know you anymore  
I've been burned and I've been down too many times  
We walk in circles  
The blind leading the blind  
We've been disconnected somehow

There's an invisible wall between us now  
I've been wrong and I've been there too many times  
We walk in circles  
The blind leading the blind  
We've been disconnected somehow

There's an invisible wall between us now
