

# Keane, Hamburg Song

I don't wanna be adored  
Don't wanna be first in line  
Or make myself heard  
I'd like to bring a little light  
To shine a light on your life  
To make you feel loved

No, don't wanna be the only one you know  
I wanna be the place you call home

I lay myself down  
To make it so, but you don't want to know  
I give much more  
Than I'd ever ask for

Will you see me in the end  
Or is it just a waste of time  
Trying to be your friend  
Just shine, shine, shine  
Shine a little light  
Shine a light on my life  
Warm me up again

Fool, I wonder if you know yourself at all  
You know that it could be so simple

I lay myself down  
To make it so, but you don't want to know  
You take much more  
Than I'd ever ask for

Say a word or two to brighten my day  
Do you think that you could see your way

To lay yourself down  
And make it so, but you don't want to know  
You take much more  
Than I'd ever ask for
