Keane, Hamburg Song

I don't wanna be adored Don't wanna be first in line Or make myself heard I'd like to bring a little light To shine a light on your life To make you feel loved

No, don't wanna be the only one you know I wanna be the place you call home

I lay myself down To make it so, but you don't want to know I give much more Than I'd ever ask for

Will you see me in the end Or is it just a waste of time Trying to be your friend Just shine, shine, shine Shine a little light Shine a light on my life Warm me up again

Fool, I wonder if you know yourself at all You know that it could be so simple

I lay myself down To make it so, but you don't want to know You take much more Than I'd ever ask for

Say a word or two to brighten my day Do you think that you could see your way

To lay yourself down
And make it so, but you don't want to know
You take much more
Than I'd ever ask for
