

Keane, We Might As Well Be Strangers

I don't know your face no more
Or feel your touch that I adore
I don't know your face no more
It's just a place I'm looking for
We might as well be strangers in another town
We might as well be living in a different world
We might as well
We might as well
We might as well

I don't know your thoughts these days
We're strangers in an empty space
I don't understand your heart
It's easier to be apart

We might as well be strangers in another town
We might as well be living in a another time
We might as well
We might as well
We might as well be strangers
Be strangers
For all I know of you now
For all I know of you now
For all I know of you now
For all I know
