

Keaton Simons, Changes

Changes

Now, you want me
to need you
I know
Incompletely
So sweetly
You go
No change
in sight
You're still
uptight
Don't close your eyes
on me
So, uniquely
Concretely
Secure
Pressed against me
So tensely
Assured
No change
in sight
You're still
uptight
Don't close your eyes
on me
Love is going out of style
Please stop wasting time
Forgotten for a while
My heart stops on a dime
What a crime
Boo Hoo
Still no change
in sight
You're still
uptight
Don't close your eyes
On me
