

Keegan, Change In My Condition

Somethin in the way you throw your hair back over your shoulder
Somethin in the way you smile when you lookin my way
Well I got no concerns;
The days are long and the nights are gettin colder,
Because of this Ive got to try to honor you hunny
Please its gunna be alright
Baby I never wished for a change in my condition,
Im not rich but I know that the sun will shine for me.
Ohh remember yesterday you were dancing like a picture in my mind,
But only a fool says love is hard to find,
Maybe Im blind for you lady,
But this time there aint no maybes,
Together we get crazy like the rain that falls upon us
And we are gunna be out of site,
We are gunna be alright
Baby I never wished for a change in my condition,
Im not rich but I know that the sun will shine for me
Baby Ive always chosen to live each and every moment to the best,
Forget the rest come and take a ride with me
Tearing down the walls hold you in side,
Counting all the ways it could happen tonight
For you and for me too, its true.
Baby Ive never wished for a change in my condition
Im not rich but I know that the sun will shine for me
Baby Ive always chosen to life each and every moment to the best
Forget the rest and come take a ride with me
Baby Ive never wished to fall far from my decision
But Ive got this and I know that this is the ride from me
Baby Ive always hoped for this moment now come and take a ride with me
