

# Keelaghan James, Big Picture

Well the medicine was great  
But I don't like to scream that much  
That's the difference between you and me  
You see something you want  
When you've got everything you need  
Blame it on the moon  
Another small day in the big picture  
When sanity is aching  
Lie down on your bed of dreams  
Look up at the firmament  
From the field of gravity  
Blame it on the moon  
Another small day in the big picture  
Every day is evidence  
Another page in history  
Look around and you might find  
You're walking in a fantasy  
Blame it on the moon  
Another small day in the big picture  
Well the medicine was great  
But I don't like to scream that much  
That's the difference between you and me  
You see something you want  
When you've got everything you need  
Blame it on the moon  
Another small day in the big picture  
Another small day in the big picture  
Another small day in the big picture
