

# Keenan & Anderson Feat Tiff Lacey, Run away

Tell me from heart  
Tell me all about you  
How I really feel  
Nothing you can't hide,  
nothing you can't tell me  
I believe it's real  
Just say the way  
? to side of view  
Don't hide away  
And tell me the truth  
When I show you more  
We could be together  
Make our time today  
We could spend our lives  
Knowing it's forever  
There is nothing in our way.  
Just look around  
There is no one left to keep us  
Here the ground??  
There is no one left to be  
If you hold on,  
dont ever let it die  
If you'd say you were sure  
no need to tell me why  
We could just run away  
Run away  
Leave it all behind
