You say "Rock-bottom was his mattress!"
I say, "We'll never get past this!"
never get past this....o

So next time you make your way to the beach
Tie a cinder block to your feet, and dive right in

So next time you make your way to the beach
Tie a cinder block to your feet, and dive right in
You'll never win.
You'll never win
You'll never ever win.
So next time you make your way to the beach
Tie a cinder block to your feet, and dive right in
You'll never win.
