

# Keep In Touch, We Can Bring Back Light-up Sho

We Can Bring Back Light-Up Shoes (demo)  
i want to bring back light up shoes  
and i want to take back all of the i hate yous  
and i get so nervous but it is true  
i want to spend the rest of my time here with you

im a romantic  
overly dramatic  
and im dying for one more taste of your lips  
dying for one more thrust of your hips

im sick of everything moving so fast  
living this year like im living in the past  
and i wish i could  
spend my last year here with you

im a romantic  
overly dramatic  
and im dying for one more taste of your lips  
dying for one more thrust of your hips

seasons change so do the arms around neck  
seasons change so do my reasons for holding back

I need to make this summer ours  
yeah i just got to  
make this summer ours

im a romantic  
overly dramatic  
and im dying for one more taste of your lips  
dying for one more thrust of your hips

let me be the arm around your neck
