

# Keep Of Kalessin, Pain Humanised

Chaotic escapes  
Distance: irrelevant  
On a nightly basis journey

Under foreign stars  
I reigned as one  
While bleeding you would hear me

Know me...  
We become as one  
Leave me ...  
You are my kind  
In my life I'm not alone  
You know what lurks behind

Envision a circle  
It never ends  
As a scar I stand forever  
What was gained is lost in time  
This theme I need to travel

Yet again the pain is present  
Subsequence to substantial force  
I'm a bearer of pain tonight  
My burden is my source
