

# Keepsake, Third Wish

I, I wish, I  
Could be alone  
With you for one last time

When I left I gave you back  
My only symbol of our love  
You promised me one thing  
Please hold yourself to that

[Chorus]  
The things that I  
Would say to you  
Would spark  
The flame that once  
Burned so bright

My only symbol of our love  
You promised me one thing  
Please hold yourself to that

[Chorus]

When I left I gave you back  
My only symbol of our love  
You promised me one thing  
Please hold yourself to that

[Chorus]
