

Kehlani, any given sunday (ft. Blxst)

Are you workin', baby?
Are you workin' tonight?
'Cause I got a brand new bag, oh yeah
I just touched down in Miami, babe
Make it rain on your stage any given Sunday

The baddest bitch that's in the mirror
Wants to love somebody, start a riot
We just talk for months, I buy her what she want
I splurge and spoil, all the fun
I'm throwin' a paper tantrum at the club (Are you workin' tonight?)
Make it rain on your stage any given Sunday
This shit is presidential, got you stimulated (Ooh)
To you, I'm more than famous (Ooh, ooh)
Call me daddy in front of all your bitches in the lobby
I'll let you come back to the room to smoke as much as you desire
Like it's presidential (Ooh, woah)
Like it's my house (Ooh, woah)
Like it's my crew
No skill, we talkin' 'bout practice (Ooh)
No flame, I'm blowin' out matches (Ooh)
Mustang, it come with no handles
She in love, I wonder what happened

Are you workin', baby?
Are you workin' tonight?
'Cause I got a brand new bag, oh yeah
I just touched down in Miami, babe (Are you workin' tonight?)
Make it rain on your stage any given Sunday

Yeah
Fourth time back this week, I'm tweakin'
Got a bag for a walkthrough last weekend, I
Shouldn't be here, but I'm deep in now
This T-Pain song got me thinkin' now
Just be careful, singin' my song, lookin' dead in my eyes like that
Too early to be catchin' a vibe like that (Shee)
Three Suburban trucks, we arrive like that
You ain't seen this much of the sky like that
Might blow one blessing or two (Two)
But I just got one question for you

Are you workin', baby?
Are you workin' tonight? (Tonight)
'Cause I got a brand new bag, oh yeah (New bag, yeah)
I just touched down in Miami, babe (Are you workin' tonight?)
Make it rain on your stage any given Sunday

Are you workin' tonight?
Are you workin', workin' tonight?
Bag, brand new bag, yeah, baby, uh
