

Kehlani, Everybody Business

i ain't never been a half assed lover
rather lay out on the traintracks for ya
hit the pavement for ya
make a statement
you ain't never had to ask for that
it's included in the package
and I make like that
I came like that
I pay for that
you ain't never ave to pay me back
can't make me feel bad for nothing
don't make me feel bad for lovin'

at my big old age
I can't be fazed
but what you mistake as going insane
like ai m jusy movin' all wild
fuckin' ll wild , runnin my mouth
like I am throwin' it back
givin' it up when I am in town

I heart every word that they talk
tried not ot cary at all
I know it's frontin;
don't know me from nothing;
still learning to shake it off
I know I can take it all
I know they frontin;
you know thet frontin;, babe

so if you ever heard that rah-rah-rah about me
taking all out the side of they mouth about me
I beg you don't listen
I beg you just hear me
believe me
trust you can see through it all
believe through it all
breather through it all
out backs against the wall
we rise and we fall

at my big old age
I can't be fazed
but what you mistake as going insane
like ai m jusy movin' all wild
fuckin' ll wild , runnin my mouth
like I am throwin' it back
givin' it up when I am in town

I heart every word that they talk
tried not ot cary at all
I know it's frontin;
don't know me from nothing;
still learning to shake it off
I know I can take it all
I know they frontin
