

# Kehlani, more than i should (ft. Jessie Reyez)

If you knew how long it'd been since I let somebody in  
Then you know why I can't look you in the eyes for too long (Can't do it, baby)  
If you knew how long it'd been since I felt her on my skin  
And why I keep lookin' at the shape in the pants she got on

Is it really cheatin' if she ain't lovin' me right?  
If she's not touchin' me right?  
Leaves me lonely every night?  
You give me attention that she can't seem to provide  
Put in work to make me smile  
Say good mornin' and goodnight

And I like the way you treat your mama  
'Cause it shows you how somebody will come and treat their woman  
I like (I like) the way your phone is open  
(Fuck a passcode, man, she cut off mad hoes)  
And I like (You)  
More than I should, more than I should  
And I like (You)  
More than I should, more than I should

Swear I'm not the type to lie (Not the type)  
But I'd feel hella justified (Hella justified)  
If I climbed on top and we fuck tonight away like two wrongs  
And my boyfriend isn't loyal (My girlfriend isn't loyal)  
His morals in the toilet, that boy is on a voyage  
That boy is on a trip (Trip, ah)  
You say it might be time for me to dip (Dip, ah)

Is it really cheatin' if she ain't lovin' me right?  
If she's not touchin' me right?  
Leaves me lonely every night?  
You give me attention that he can't seem to provide  
Put in work to make me smile  
Say good mornin' and goodnight

And I like (I like) the way you treat your mama  
'Cause it shows you how somebody will come and treat their woman  
I like (I like) the way your phone is open  
(Fuck a passcode, man, she cut off mad hoes)  
And I like (You)  
More than I should, more than I should  
And I like (You)  
More than I should, more than I should

And I like (You)  
And I like (You)  
More than I should, more than I should

At this point, I'm too tired of holdin' back  
At this point, my fantasies got the best of me (And I need it)  
At this point, I'm too tired of holdin' back  
At this point, my fantasies got the best of me  
And I need to pree the unknown, we're both grown  
Enough to touch, enough to see what's up  
Need to get your ass alone when nobody's home  
Just let me touch, let me see what's up with that na-na-na (Yeah)  
Yeah-yeah-yeah, let me see what's up with that na-na-na (Mm)  
Yeah-yeah-yeah
