

Keisha White, Complicated Emotions

Remember that very first time
You walked back in my life
It was like
I already knew your game
Your game
You're caught in a trap but I'll say one word
(Oh yeah)
How come you don't talk to me
With so much left unheard (oh)
So many things I wanted to say
Want to say (to your face)
To your face (your face)
Never quite had the right words to say (to say)
To say (to say)

Some kinda complicated emotions (oh)
Playing on your mind (your mind)
Oh yeah (your mind)
So kind of
Easy solution I've got to find (gotta find)
Gotta find Ohhhhh whoa
It time to change thoughts
Up in the night
Cause if I won't what's gonna make it right

Awwwwh yeah

Never a day that goes by without you leaving alone
But don't come to me and try and tell the plans
That I already know (already know)
I already know

So many things you needed to say (to my face)
Until you do I'm walking away (away)
Some kinda complicated emotions (ohhhhh)
Playing on your mind (your mind)
Playing on your mind (your mind)
So kinda
Easy solution
I've got to find
Gotta find
Gotta find my mind
It time to change thoughts
'n the night (up in the night)
Cause if I won't what's gonna make it right

Some times (feeling a little lonely)
I need (some one I can talk to)
I don't (care what you say)

Maybe (gotta find something)
We gotta find something
I
Some kinda complicated

Some kinda complicated emotions (ohhhhh)
Playing on your mind (your mind)
Playing on your mind (your mind)
Easy solution
I've got to find
Gotta find

Some kinda complicated emotions (ohhhhh)
Playing on your mind (your mind)

Playing on your mind (your mind)

Easy solution
I've got to find
Gotta find
Gotta find my mind
