

# Keith Moon, Together (Harry Nilsson Ending Tag)

Thinking the sadness  
Was part of the laughter  
And short-lived thereafter  
A dream, it exploded  
A promise was broken  
Now few words are spoken  
Together

Life isn't easy when two are divided  
And one has decided to bring down the curtain  
But one thing's for certain  
There's nothing to keep them together

Ending. Watch me.

Yeah. We got it, come and listen.
