

# Keith Murray, Candy Bar Correct

[Intro]

She looks like a (4x)

[Chorus - repeat 4x] {\*ad libs through out\*}

She looks like a movie star  
Like a chocolate candy bar

[Verse]

(She looks like a)  
Heya love love, you little fly lady bug  
Come and swing this episode wit more from up above  
With them Earl Jeans on fitting tight like a glove  
You little Cinammon Toast Crunch, come show me some love!  
Slim goodie got tittle litties  
Yeah but she's a picture post card pretty fat kitty little bitty, WHOO!!  
You're provoking me, giving me the notions  
To make me wanna lick your funky emotions  
She can make a crippled man walk and a blind man see  
How can I put this? hmm  
She can make the Grinch love Christmas  
How can I manifest her uniqueness in vernacular?  
(Like a chocolate candi bar) yeah that describes her

[Chorus]

[Verse]

(She looks like a)  
I seen her at the park on the black top watching the kids play  
Her style complimented the sunny day  
There's a mild nature about her  
Gentle but firm for all the bullshit life brought her way  
You reflected beauty of a starless night by far  
Like Billy Joel said "I take you just the way you are!"  
I had a crush on you since the days of love tap  
Karate shoes you had jelly cornrows with the peas in the back  
I knew you'd grow to be a fine specimen someday  
You the very inspiration for the song I sing  
The way you sprint the runway and scale the catwalk  
Your life is a movie and the camera's never off  
It's like love at first taste, coming deep from within  
From your DNA structure to your whole body ova  
Your beauty is respected in the eye of the beholder  
I love that little chocolate bar tattered on your shoulder

[Chorus]

[Verse]

(She looks like a)  
Oh yeah the time is now and the place is here  
So come a little closer let me kick it in your ear  
And share this wit you girl you super official  
I just wanna bite you girl you look good like a Snickers  
Ooh la la, ah wee wee, walking by looking all like I ecstasy  
Got doe ma didn't know, good gracious alive!  
Aw shuck now, there she go  
Hey yo come and rest your feet my little chocolate soufflet  
I know you're tired you been running through my mind all day  
And Oh My Goodness! can I get a witness?  
This roundy brownie is something to see  
I never had a craving like this before, I'm addicted  
Lord have mercy! please give me strength!  
Dark, rich and thick like a fresh baked cake  
Just thinking of your shape girl I catch a tooth ache

[Chorus]

[Outro]

(She looks like a)

We just buggin out a little bit, showing versatility
