So you peep it

And keep it always buy it

Take it beat it never eat it  
Then tell that bitch bitch beat it

With them things you will be greeted  
Catch you coming out the precinct  
Now niggaz want to peace it  
But too late I release it

Full of grace when I speak it  
Niggaz be like damn Murray  
Why you want it like that  
Cause black I got my swagger back

Twist your waist round  
Throw your knees up
