

# Keith Richards, Eileen

Eileen, won't you lean on me  
This is no life living here without you  
This is no way for me to get alone  
Now that I know I'm no good without you  
Eileen, Eileen

Eileen, won't you lean on me, please  
How much I had baby when I had you  
I'm destitute this way  
I'm doing time living here without you  
Eileen, Eileen, Eileen

Eileen, I'm coming clean  
guess no substitute will do  
What do I do, baby, to impress you  
Now that I'm blown and thrown out the way  
Eileen, Eileen

Eileen, you can lean on me  
Baby I'm dead in a cruel world without you  
Eileen lean on me  
Lean on me  
Eileen baby won't you lean on me
