

# Keith Richards, Hate It When You Leave

I&#039;m on my way, it&#039;s you I turn to  
How many days have I to love you  
I got to say this is inside me  
I&#039;ve got to have someone to guide me  
Hate it when you leave, hate it when you leave  
Hate it when you&#039;re leaving me

You&#039;re everywhere I go  
Even though you&#039;re miles away  
But I see, see you face everyday  
Ooh and I love, I love it  
It&#039;s a hard game you play  
Hate it when you leave, hate it when you leave  
Hate it when you&#039;re leaving me

It&#039;s killing me  
No arms around me  
Living this way, so underhanded  
I gotta make you stay  
I gonna habit  
Hate it when you leave, hate it when you leave  
Hate it when you&#039;re leaving me
