

# Keith Richards, How Can I Stop

You offer me  
All your love and sympathy  
Sweet affection baby  
It&#039;s killing me

&#039;Cause baby baby  
Can&#039;t you see  
How could I stop  
Once I start baby  
How could I stop once I start  
How could I stop  
Yeah yeah  
How could I stop once I start

You look at me  
But I don&#039;t know what you see  
A reflection baby  
Of what I want to be

I see your face  
And I want to roll with it

But how could I stop  
Baby how could I stop  
How could I stop  
Stop it, stop it

If I could, I&#039;d take you all the way  
Baby, baby listen what I say  
There&#039;s even some things  
That I just would not pay

&#039;Cause how could I stop  
If I start babe  
How could I stop  
If I start  
Start with you

How could I stop  
If I start, baby  
How could I stop  
If I start with you

It&#039;s too easy to lay here at your feet  
I couldn&#039;t take the heat  
There&#039;s somewhere else  
Maybe you should go  
Baby maybe baby just a further down the  
road

How could I stop  
If I start with you baby  
How could I stop  
How could I stop  
Once I start

You tell me baby  
Once I&#039;ve started with you  
How could I stop  
Once I start  
Stop, stop, stop
