

Keith Richards, How Can I Stop

You offer me
All your love and sympathy
Sweet affection baby
It's killing me

'Cause baby baby
Can't you see
How could I stop
Once I start baby
How could I stop once I start
How could I stop
Yeah yeah
How could I stop once I start

You look at me
But I don't know what you see
A reflection baby
Of what I want to be

I see your face
And I want to roll with it

But how could I stop
Baby how could I stop
How could I stop
Stop it, stop it

If I could, I'd take you all the way
Baby, baby listen what I say
There's even some things
That I just would not pay

'Cause how could I stop
If I start babe
How could I stop
If I start
Start with you

How could I stop
If I start, baby
How could I stop
If I start with you

It's too easy to lay here at your feet
I couldn't take the heat
There's somewhere else
Maybe you should go
Baby maybe baby just a further down the
road

How could I stop
If I start with you baby
How could I stop
How could I stop
Once I start

You tell me baby
Once I've started with you
How could I stop
Once I start
Stop, stop, stop
