

Keith Urban, Faster Car

Figaro, figaro
Anytime that you want what you need
Close your eyes and say my name
Call on me and I'll be there for you
No matter what they say
Rain, hail or shine
I got my eyes right to the sky
Waiting on your sign

Roll the dice and take a chance
A chance on me cause you never can tell
Where a little bitta faith might lead
I got a U-shaped hole inside
I swear it gets deeper by the day
Flicking cigarettes out the window
Going nowhere in this lonely rain

I need a faster car now
A rocketship straight to the moon
I need a faster way to show you
How much I need you, baby

It's a crime, it's a sin
It's a damn shame but you're the cause
And you're the cure of all my pain

There's never been a better fool for you
I can't believe my pride
Got me talking to a pillow
In the middle of the night

I need a faster car now
A rocketship straight to the moon
I need a faster way to show you
How much I need you, baby

I need a faster car now
I'm a rocketman in love with you
I need a faster way to show you
How much ya drive me crazy
Show you how much I need you, baby
And I need you, baby
And it's alright now
