

# Keith Urban, You're My Better Half

Car door slams, it's been a long day at work  
I'm out on the freeway and I'm wondering if it's all worth  
The price that I pay, sometimes it doesn't seem fair  
I pull into the drive and you're standing there  
And you look at me  
And give me that come-here-baby smile  
It's all gonna be alright  
You take my hand  
You pull me close and you hold me tight

[Chorus:]

It's the sweet love that you give to me  
That makes me believe we can make it through anything  
'Cause when it all comes down  
And I'm feeling like I'll never last  
I just lean on you 'cause baby  
You're my better half

They say behind every man is a good woman  
But I think that's a lie  
'Cause when it comes to you I'd rather have you by my side  
You don't know how much I count you to help me  
When I've given everything I got and I just feel like giving in  
And you look at me  
And give me that come-here-baby smile  
It's all gonna be alright  
You take my hand  
Yeah you pull me close and you hold me tight

[REPEAT CHORUS]

Well, you take my hand  
Yeah you pull me close and I understand

It's the sweet love that you give to me  
That makes me believe that we can make it through anything

Oh baby, it's the sweet love that you give to me  
That makes me believe we can make it through anything  
'Cause when it all comes down  
And I'm feeling like I'll never last  
I just lean on you 'cause baby  
You're my better half

Oh, oh baby you're my better half  
Ooh, hey baby you're my better half
