A Day In The Life Of A Fool

Morning comes and I'm alone ...

It's been a year since you've been gone

But it seems like yesterday ,you said goodbye

I'm finding ways to pass the time ,so i wont lose my mind

But my every waking hour I think of you

That's just a day in the life of a fool

The one who's holding out for only you

Knowing all along your love for me is THROUGH

It's just a day in the life of a fool

You would think I'd learn by now , to forget it all some how .

But my favorite memories were made with you

So every moment that I have , I live them in the past

Even though theres no way back to where we were

Thats just a day in the life of a fool

The one who's holding out for only you

Knowing all along your love for me is true

It's just a day in the life of a fool

It's just a day in the life of a fool
