

# Kekai Boyz, One Night Stand

ooooh aahh

1:

met her out on the beach one day,  
still remember what she smells like, yeah  
had these eyes that could light up a room  
and a voice thats so heavenly  
took her in and we talked for a while  
couldn't get past her sexy smile soo i,  
so i.....

gave her all of the sweet talk and charm  
but i didn't wanna move to fast  
asked her for her name and number  
i've done this again and again  
headed up to her house that evening  
spent a night that was oh so pleasing  
and now...and now.....

chorus:

fell in love with a one night stand  
and i cant belive my heart  
wasn't supposed to happen this way  
usually im gone like the wind  
trapped between a broken heart  
and a girl who dont really care  
i sit all alone and im in love with a one night stand

2:

lying awake at night  
and wonder whats wrong with me  
cuz i cant seem to shake it off  
a feeling thast runs so deep  
this never happened before  
was always able to walk out the door  
but now...but now.....
